www.foodshare.net/program/academy

To register, visit bit.ly/fsacademy

\$70 per workshop, 2 workshops for \$110, 3 for \$155, 4 for \$220.

Organic Growing Certificate

FoodShare's Organic Growing Certificate offers an introduction to the world of growing, from seed starting to composting. The program offers strong learning through a mix of classes and volunteering, giving participants hands-on experience and the skills to grow gardens in their neighbourhoods and communities.

Required Classes

Seed Starting or **Direct Seeding and Transplanting**
Beginner Garden Planning or **Intermediate Garden Planning**
Vermicompost or **Backyard Composting**
Putting the Garden to Bed

Electives

The Organic Growing Certificate requires taking two of the following electives:

Container Gardening
Organic Pest Control
Season Extension

For a full description of each workshop please go to
www.foodshare.net/program/academy

The Organic Growing Certificate is \$390. To register, visit bit.ly/fsacademy
